

# Dead Moon, Can't Help Falling In Love

Wise men say only fools rush in  
But I can't help falling in love with you  
Shall I say would it be a sin  
If I can't help falling in love with you  
Like a river flows surely to the sea  
Darling so it goes some things are meant to be  
Take my hand, take my whole life, too

For I can't falling in love with you  
Like a river flows surely to the sea  
Darling so it goes some things are meant to be  
Take my hand, take my whole life, too  
For I can't falling in love with you  
For I can't falling in love with you
