

# Dead Or Alive, Turn Around And Count To 10 (20

We've both been acting Strangely  
Strangely x3

We've both been acting Strangely  
And you can hardly face me  
I can see the fire the in your eyes  
we both know the answer  
but one of us won't say it  
loves the only game in town you sure know how to play

The future of our love is on the line  
the both of us could lose more than we can find

So turn around and count to 10  
before you lose the only one who really loves you  
somebody who likes you just as you are  
not how you might have been  
when you turn around again  
i might be with someone else who really loves me  
and now i'll say what i dont want to say  
i'll have you back again

I want you back

Strangely x3

now if we think about it  
and come to the conclusion  
that i want you  
and you want me  
we've come to the conclusion  
well i cannot deny it  
you were my perfect lover  
if paradise is half as nice  
i'll never find another

and now its time  
for making up your mind  
the future is ahead dont look behind

So turn around and count to 10  
before you lose the only one who really loves you  
somebody who likes you just as you are  
not how you might have been  
when you turn around again  
i might be with someone else who really loves me  
and now i'll say what i dont want to say  
i'll have you back again

I want you love in your hands  
were i can feel it  
Love in my heart where i can keep it warm  
turn up your radio now  
im calling out your name

what we've got cannot be left behind  
its time for you to tell me that your mine

So turn around and count to 10  
before you lose the only one who really loves you  
somebody who likes you just as you are  
not how you might have been  
when you turn around again  
i might be with someone else who really loves me  
and now i'll say what i dont want to say

i'll have you back again

I want you back in my life  
where i hold you back  
in my dream where i can keep you warm  
here are my lips i can taste your candy kiss

back  
back  
oh baby back

Taste your candy kiss
