

Dead People, Stay Dead

Did my time behind the bars
In the prison of your arms
Wish I'd known the price I'd pay
Broken stripped and thrown away
Got some time to kill today
But I just can't kill the pain
Wish I'd known how many scars
takes to break a telltale heart

Staying dead
my heart wish I could stay dead
Stay in bed
Sleep with the ghost in my head
Used and abused and obsessed
Stay dead
Stay dead
Stay dead
Stay dead
Stay dead

All the colors start to bleed
Have this surge I can not feed
Like a silent movie scene
They are staring from the screen
This used to be our hallow ground
I will burn this paper town
I have no place left to run
In the flames All come undone

Staying dead
my heart wish i could stay dead
Stay in bed
Sleep with the ghost in my head
used and abused and obsessed
Staying dead
my heart wish I could stay dead
stay in bed
sleep with the ghost in my head
used and abused and obsessed
Stay dead
Stay dead
Stay dead
Stay dead
Stay dead
