

# Dead To Fall, Death And Rebirth

In our most painful moments  
Lost in the cloak of night  
Burned, broken, tired, hopeless  
No future is in sight  
Where are we even going  
And who among you cares?  
With no real purpose showing  
A cycle of despair  
A never ending threat  
A constant pushing force  
My match is finally met  
Let this thing take its course  
New blood flows in our veins  
Power moves quickly now  
None of us will be the same  
Giving up we won't allow  
Our last sun has set  
As we approach our fate  
With one last option left  
To destroy and recreate  
We are the new generation  
With purpose, conviction, and dedication  
Counting past the final hour  
In Flame we've been reborn  
A pure stronger power  
A new oath we have sworn  
These nights mean too much to just let them go  
Putting on the final touch  
Our true colors show  
We are the new generation  
With Purpose, conviction, and dedication  
On the Phoenix Throne  
Death and rebirth  
Nothing as far as the eye can see  
A straight, clear path moving  
Towards our destiny  
And now we rise  
We rise on the wings of flame  
Nothing holding us down  
As we rise on wings of flame  
Momentum pushing forward  
As we rise on wings of flame  
We are fireborn  
As we rise on wings of flame  
We are the Phoenix  
As we rise on wings of flame
