

# Deadboy & The Elephantmen, No Rainbow

Baby,  
I'm bleeding still  
My bloods all run down the drain  
My bloods all run down the drain

Baby,  
It's raining now you're here  
And falling,  
But, I think it's blood

No rainbow  
It's raining skulls  
When the raining stops,  
there will be no rainbow

Baby,  
But, I'm bleeding still  
You were an iron maiden  
You were an iron maiden

Baby,  
It's raining now you're here  
And falling  
But I think it's blood

No rainbow  
It's raining skulls  
When the raining stops,  
there will be no rainbow

No rainbow  
It's raining skulls  
When the raining stops,  
there will be no rainbow
