

# Deadboy & The Elephantmen, What The Stars Have

All we've lost, the stars have eaten  
All that dies begins again

Tears have shed, the earth is gained  
Buried neath the sky  
So strange, it cannot be explained

In this light, I see your spirit  
Listen, maybe we can hear it  
All we've lost, the stars have eaten  
All that dies begins again

Innocent magic  
Is stronger than evil  
Innocent magic (x2)

Is stronger than evil
