

Deadman, Blood Moves

i try but i can't move forward
my arms and legs are sticking down
i want to scream but i cannot use my voice
and just when i think i can't go on
all this blood moves within me
all this blood moves inside of me
i'm tired of this path of sorrows
and it's looking like it never will end
i fear this darkness all around me
and the darkness wants me to give in
all this blood moves in me
all this blood moves inside of me
all this blood moves deep
like the jordan over me
pain can't last forever
and rivers always run to the sea
and just like a river
i'll carry on
all this blood it moves inside of me
all this blood moves in me
all this blood runs deep
like the jordan over me
