

Deadmau5 & Kaskade, Escape (ft. Hayla)

I'm not invisible to you
Do my eyes, do my eyes speak true?
My soul, so in touch with yours tonight
Won't let my head, let my head take flight
We could leave this place
Freedom ours to chase
What if I escape with you?
What if I escape with you?
What if I escape with you?
What if I escape with you?
What if I escape with you?
What if I escape?
Mm, mm-mm, mm, mm-mm
Is it real? Is it just a fantasy?
'Cause the unknown, the unknown's pulling me
We could leave this place
Freedom ours to chase
What if I escape with you?
What if I escape with you?
What if I escape with you?
What if I escape with you?
What if I escape with you?
Mm, mm-mm, mm, mm-mm
Mm, mm-mm, mm, mm-mm
What if I escape with you?
What if I escape with you?
