Deadstar Assembly, Spin You Around

Ooooo

Come on over the mountain
And I'll meet you at the otherside
Come on over the mountain
And I'll meet you at the otherside, yeah
If I saw you dancing
I would spin you around, spin you around
If I saw you dancing
I would spin you around, spin you around
Turn your world upside down

Ooooo

I'd spin you around, spin you around
Turn your world upside down
Spin you around, spin you around
Turn your world upside down

If you'll be my woman
I will take you to another side
If you'll be my lady
I will take you for another ride

If I saw you dancing
I would spin you around, spin you around
If I saw you dancing
I would spin you around, spin you around

Spin you around, spin you around
Turn your world upside down
Spin you around, spin you around
Turn your world upside down

I can turn you around

I'd spin you around, spin you around
Turn your world upside down
Spin you around, spin you around
Turn your world upside down

Oooooo

Maybe, baby
Upside down
I'm gonna spin you around
Maybe, lady
Upside down
I'm gonna spin you
