

# Deadstar Assembly, Unsaved, Part 2

We're left hanging by a string  
Stripped of all meaning  
Raped by atonement  
A stoning continued to bleed  
Gagged by their judgements  
And left with no promise

Throw us away  
Throw us away  
Throw us away  
Our sanctitty defeated  
Throw us away  
Throw us away  
Throw us away  
These words are to be repeated  
We are unsaved  
We are unsaved

We're the byproduct of their defamation  
Labeled and deemed obsolete  
Tearing us apart  
Abandoned and scared  
They're blackening our distorted hearts

Throw us away  
Throw us away  
Throw us away  
Our sanctitty defeated  
Throw us away  
Throw us away  
Throw us away  
These words are to be repeated  
We are unsaved  
We are unsaved  
We are unsaved  
Unsaved  
Unsaved

They've thrown us  
They've thrown us  
They've thrown us away

Blind salvation  
Faceless scourged for the faintest stain  
Truth is buried by damnation  
They're far more deadlier than their prey  
We're unsaved throw us away  
We're unsaved throw us away  
We're unsaved throw us away  
We're unsaved  
There's nothing to save
