

# Dealership, Tetsuo

One more breath before the storm  
First the rain then came the swarm  
Dragonflies around my head  
Dragonflies all orange and red

boku wa itsumo tatteru yo  
kimi ga kuru made  
boku wa itsumo matteru yo  
kimi ga kuru made  
boku wa itsumo naiteru yo  
kimi ga kuru made  
boku no kokoro ga aiteru yo  
kimi ga kuru made...

soshite akatombo mo iru yo  
furusato e kaettemo, ano, ne...

(I wait for you...  
For you will come one day...)

boku wa kuroame furareru  
kimi ga kuru made  
boku wa namida nagareru  
kimi ga kuru made  
boku wa daremo inai yo  
kimi ga kuru made  
boku wa hitoribotchi da yo  
kimi ga kuru made...

Won't you please, please take me home  
I'm all alone tonight  
Alone tonight so won't you take me home  
Why did you leave me all alone?  
Falling...  
Whistle coming home now  
Follow it toward home now  
Bring Tetsuo...(boku wa tetsuo!)...home

---translation of the japanese lyrics:

I will stand here forever  
until you come  
i will wait here forever  
until you come  
i'm always crying  
until you come  
my heart is open  
and you come...

and there's a red dragonfly  
even if you go back home

black rain falls on me  
until you come  
my tears will flow  
until you come  
i have no one  
until you come  
i am all alone  
until you come...

i am tetsuo.
