HAVE A HEART

(Ken Lane - Irving Taylor)

'64 Sands Music

Have a heart have a heart  
Let me warn you before we start  
My love's no play-thing no throw-away thing  
So have a heart  
When I swear how I care  
I'm not fooling so please be fair  
If you'll be lyin' I will be cryin'  
So have a heart  
Darling it's the very first time  
I've ever fell in love you see  
This would be the very worst time  
For you to take advantage of me  
So I plead please take HEED  
Of the treatment my heart will NEED  
If you should break it I couldn't take it  
So have a heart  
(Darling it's the very first time)  
I've ever fell in love before  
(This would be the very worst time)  
For you to take advantage of me  
So I plead please take me...
