HAVE A HEART

(Ken Lane - Irving Taylor)

'64 Sands Music

Have a heart have a heart
Let me warn you before we start
My love's no play-thing no throw-away thing
So have a heart
When I swear how I care
I'm not fooling so please be fair
If you'll be lyin' I will be cryin'
So have a heart
Darling it's the very first time
I've ever fell in love you see
This would be the very worst time
For you to take advantage of me
So I plead please take HEED
Of the treatment my heart will NEED
If you should break it I couldn't take it
So have a heart
(Darling it's the very first time)
I've ever fell in love before
(This would be the very worst time)
For you to take advantage of me
So I plead please take me...
