

Dean Strickland, The Devil's Got Me

Corruption
In the USA
Devastation
Tell me who's to blame?

The suspect
A faceless coward
The death toll
All for oil and power

CHORUS:
Believe me
Believe me
The devils got me

Believe me
Believe me
The devil's got me

The lies
And the false prayers
Ways of life
Are changed forever

A war zone
Where terrorist
Attack
For so called justice
