

# Dean Strickland, You Make Me Smile(I Want You

You cheered me up when I was down  
You let me know you care for me  
You let me know you are there for me

You've made me smile  
You've made my sadness go away and my frown  
You fill my heart with joy when you're near me  
Now I thank the stars above because you're no longer mad at me

Knowing that you said to me "It's cool"  
Makes me hope to see you again  
And I'm hoping that we can be friends

You've made me smile  
You've made my sadness go away and my frown  
You fill my heart with joy when you're near me  
And I thank the stars above because you're no longer mad at me

I want you to know that I care for you  
And I'll be there for you if you need a friend

You make me smile  
You make my sadness go away and my frown  
You fill my heart with joy when you're near me  
Yeah I thank the stars above because you've forgiven me and you're no longer mad at me
