

Dean Strickland, You're Inspirational To Me

You're the one I think of all the time
You're the melody in my mind
You're what I'd like to take and play
To express the words I wanna say

You're inspirational to me
You're beautiful as harmony
You're inspirational to me
You're beautiful as harmony

You're the beat that fits so right
For every song I'll ever write
When I'm awake I dream of you
Fantasizing things we'd do

You're inspirational to me
You're beautiful as harmony
You're inspirational to me
You're beautiful as harmony

In my arms you I'd hold
Keeping you warm in winters cold
My love for you you'd know so much
Softly then our lips would touch
Continuing to be together
We would live happily ever after
We would make most wonderful music
Just come with me and we can do it

You're inspirational to me
You're beautiful as harmony
You're inspirational to me
You're beautiful as harmony
You're inspirational to me
You're beautiful as harmony
You're inspirational to me
You're beautiful as harmony
