

# Deana Carter, Girls' Night

(Deana Carter)

I'm going downtown, I'm gonna look real nice  
I'll be sportin' my stilletos; I'm gonna cause a few fights  
I'm gonna find my friends  
'Cause it's girls' night

Julie looks like she just woke up  
She pours her Miller Lite in a silver cup  
She's got 2 kids and a real good man  
But she can't say that she'd do it again  
She can't complain  
She's just blowin' off steam  
Come to girls' night and you'll see what I mean

I'm going downtown, I'm gonna look real nice  
I'll be sportin' my stilletos; I'm gonna cause a few fights  
I'm gonna find my friends  
'Cause it's girls' night

Jenny drives a truck from Kansas State  
We're on time, she always late  
Can't let go of her lumberjack  
Got his name tattooed across her back  
She's a real hot momma who's long and lean  
Come to girls' night and you'll see what I mean

I'm going downtown, I'm gonna look real nice  
I'll be sportin' my stilletos; I'm gonna cause a few fights  
I'm gonna find my friends  
'Cause it's girls' night

Kasya's got a full-time job  
Pushing pills and cotton swabs  
Love's a boy who won't commit  
She needs her own little first-aid kit  
Her skirt is short and her eyes are green

Denise is selling stocks and bonds  
Gonna retire in the Caribbean  
Bought her boyfriend a brand new car  
Gets the first round at our favorite bar  
She's got 52 pairs of designer jeans

I'm going downtown, I'm gonna look real nice  
I'll be sportin' my stilletos; I'm gonna cause a few fights  
I'm gonna find my friends  
'Cause it's girls' night
