

# Deana Carter, Ordinary

White lace bedspread, Monet hanging over my head  
Big smile on my face, wine glasses all over the place  
Your shirt on my floor, I've never done that before  
Yeah, yeah, yeah...

## CHORUS

Don't it feel so good  
Flying high without a net above the neighborhood  
I love to cross the line  
I get a running start and I go five steps at a time  
Oh wouldn't be scary  
Just being ordinary?

At my church I pray. I had a long talk with the angels today  
And they say, "Listen to me...you gotta be a shepard, don't be a sheep"  
Stop sign go away cause I ain't stopping for no one today  
Yeah, yeah, yeah...

## REPEAT CHORUS

When I was a little girl my momma used to say,  
"You only get one chance in this world and it's a chance you gotta take!"  
And 30 years later here I am and I can't wait  
La, la, la, I can't wait...

## REPEAT CHORUS
