

Deana Carter, Wildflower

(Deana Carter/Chuck Jones)

I wanna run against the wind
I wanna pull the stars down from the sky
And put 'em back again
I wanna hold the world in my hands
I wanna see forever from where I stand

I'm a wildflower
With my roots down an old dirt road
I'm a wildflower
And I need a little rain to grow
A little sun to help my colors show
I'm a wildflower

I wanna jump every fence
I want a taste of freedom and hold on to my innocence
I wanna fly above the trees
And ride this feeling all the way to the sea

I'm a wildflower
With my roots down an old dirt road
I'm a wildflower
And I need a little rain to grow
A little sun to help my colors show
I'm a wildflower
