

# Death Angel, Open Up

[R. Cavestany]

I just can't believe what I'm seeing  
It makes me sick inside  
Condemned by the world around me  
I'm not gonna run and hide  
I'm gonna come alive  
Ain't gonna take no jive  
Open up your sewn shut eyes  
Your disappearing eyes

When I'm walking down the street  
People turn and stare at me  
As if I couldn't feel their eyes  
They're living in a world of fear and lies

Best loosen up and take it in stride  
The world don't need egotistical pride

[Chorus]  
Open up your eyes  
And see the light  
Just do it

Must you choose to shut your mind  
I look deep but nothing do I find  
You're so tough hey put it on a shelf  
You've got to come out of yourself

Knock knock knock but no one's home  
Excuse me please but I'm sick of society  
'Cause you are you and I am me  
And if we don't agree  
Just let it be

[Chorus]
