

Death By Stereo, Bet Against Me, You Lose

I go
I climb
I stalk
Don't speak
Just listen
I climb
I stalk
The root of my desire
My time on earth, my time it will be higher
I push
I shove
I stalk
I try
Don't speak
I try, I need, I give
Tell me how do you build a fire?
Put your bets down on the table boys.
See how well you can stand this noise
We left here with no help from you
We came back strong, and proud, and few
Blast off!
Here we go, got to understand, we don't even know why
We had no idea, don't you understand, we don't even know where we're going
Blast off!
Here we go into outer space we don't even know why
We had no idea, don't you understand, we don't even know

Traveling blind with no cares in my mind
I do not want to stop
I don't need to unwind
On this trip through my life, an escape from your world I so greatly despise
Yes I had a dream, it was my dream
To conquer the world
We would go uphill and up stream
That's just how it goes
Yes I had a dream, it was my dream
To go show the world
Do you think I had any idea?
Let's go show the world

It was my dream... I never want it to end

I can do, I can do anything
I can steal, I can steal what I need
I can do, I can do anything
I can feel what I see
I can go, I can go anywhere
Anytime, anytime that I please.
At the drop, at the drop of a hat
You don't know what I need
I can do, I can do anything
Anytime, anytime that I please
I can go, I can go anywhere
Anytime, anytime that I please
I can do, I can do anything
Anytime, anytime that I please
I can go, I can go anywhere
You don't know what I need
