

Death From Above 1979, Too Much Love

If I didn't forget you my heart would explode

Yeah, there is too much love

Yeah, way too much love

The last thing we need is to miss

The last thing we need is this

I will never regret you

It kills you to know

Yeah, there is too much love

Yeah, way too much love

The last thing we need is to miss

The last thing we need is this

Yeah, there is too much love

Yeah, way too much love
