

Death SS, Spiritualist Seance

Here we are as every night
to call again the world of the dead

Sitting at the round table of the spell
we evoke the power with chain

I call the spirits from the dark blazes
I call the spirits for this spiritualist seance

Now that we're all as one
I can feel shivers down my spine

Yes! I know! This is the time!
Gimme a sign and come down to us!

I call the spirits from the dark blazes
I call the spirits for this spiritualist seance

Reunited in the dark
I renew my pact with the dead
World of ghosts now rules over us
'cause they know all we seek day by day

I call the spirits from the dark blazes
I call the spirits for this spiritualist seance
