

# Deathbot, Hey Now

Hey now baby  
Wont you talk all crazy for me  
Hey now child  
Wont you bring your smile for free  
Oh it's times like this, it's another twist  
I will take you for just one last kiss

Oh spin your wheels  
Tell me it feels good  
I can break some hearts,  
Hurt you like I should  
But you're welcome back  
Come on down  
Spin yourself into the ground  
Oh watch your back

Hey now sugar  
You're a lonely time murder I'm told  
With your rusty pockets  
Hey don't you feel so old  
But there's blood to bleed  
Hey don't you think I know

Oh spin your wheels  
Tell me it feels good  
I can break some hearts,  
Hurt you like I should  
But you're welcome back  
Come on down  
Spin yourself into the ground  
Oh watch your back

Oh it's times like this, it's another twist  
I will take you for just one last kiss

Oh spin your wheels  
Tell me it feels good  
I can break some hearts,  
Hurt you like I should  
But you're welcome back  
Come on down  
Spin yourself into the ground  
Oh watch your back
