

Deathbot, The Cold Wind Revival

Don't take your love from these hands
It's a cold wind revival
it's blown through these yards
Don't take your eyes off my arms
It's the sweetest revenge
I've been longing to take

Down down on these streets
They've been screaming for blood
I've been screaming for you
Are you screaming for us?

Down down on these streets
They've been screaming for blood
I've been waiting for you
Are you waiting for us?

For days and days and days
Are you waiting for us?
Are you waiting for us?

Don't steal your breath from my storm
It's a cold wind revival
That's rolling these hearts
Don't waste your words for my name
It's the dusty old call
Of a bad bad man

Down down on these streets
They've been screaming for blood
I've been waiting for you
Are you waiting for us?
