Deathstars, Virtue To Vice

These secrets I'll bring to you Are of thorns and ice

Hush...

Don't tell them nothing, not a word

Hush...

Don't tell them nothing, not a single thing that I've said to you

Hear all my secrets Tell all the lies Hear all my secrets Tell all the fucking lies

Can you hear it scream Deep deep inside

Hush...

Now listen carefully, here it comes

Hush...

It's what I keep inside, this is the crime that I've tried to hide

Hear all my secrets Tell all the lies Hear all my secrets Tell all the fucking lies

Can you hear it scream Deep deep inside

Envy, Sloth, Gluttony, Wrath, Pride, Lust, Greed

These secrets I'll bring to you Are of thorns and ice These secrets I'll give to you Will turn virtue to vice

I'll tell you only once...
