

Debbie Deb, When I Hear Music

Chorus:

When I hear music, it makes me dance

You got the music, heres my chance

Repeat (1x)

Went to the disco, couldn't believe my eyes

I looked on the dance floor, saw so many guys

I asked myself, could this really be

Whether it is or not, I'm going to see

Chorus

The guys look really fine, they almost blew my mind

They almost blew my mind

The guys looked really good, just like I knew they would

And I'm gonna get a man if I get a chance

Here's my chance

Chorus (2x)

The night is still young and I'm gonna have some fun

And I'm in a trance, all I want to do is dance

Watch me dance

Everybody's having fun, and the music's number one

And the lights shining bright, there's a party here tonight

Chorus

It stated getting late, the night was really great

When I hear music, give me a chance, heres your chance

When I hear music, I wanna dance

You got the music, I'm gonna dance

Chorus (5x)
