

Debelah Morgan, As Long As I Can Dream

Living this world as u see
Is too hard to take and too much for me
And everything's in blue
Walk in the rain spearing out
I can't find myslef
Knowing the sun can be found
It always comes to
There's not a soul that's lost
That can't find its way
There's not a night
That's long
That can't find a day
As long as I can dream
There's a better world oh
There's a better world
I see it shining
And in my dreams I see
There's a better world oh
There's a better world
As long as I can dream
In my heart there's a place
And there's always hope and always a way
to make it through the night
(make it through the night)
In my soul have a ???
If I just have faith and I will be free
I will be alright (be alright)
There's not a soul that's lost
And can't find its way
There's not a night that long
that can't find the day
As long as I can dream
There's a better world oh
There's a better world
I see it shining
And in my dreams I see
There's a better world oh
There's a better world
As long as I can dream
Na na na na na na na
Oh yeah ooh yeah
There's not a soul that's lost
That can't find its way
There's not a night that long
that can't find the day
As long as I can dream
There's a better world oh
There's a better world
I see it shining, shining, shining
And in my dreams I see
There's a better world oh
There's a better world
As long as I can dream
Dream
I can dream
There's a better world
See shining, see shining, see shining
(Shine shine shine)
And in my dreams I see
There's a better world oh
There's a better world
As long as I can dream
As long as I can dream ah
