Debelah Morgan, Close To You

Verse 1

You made me fall in love again

I swore I'd never let anyone in

But when I'm close to you I feel so alive

You awaken a part of me I thought had died

I see your face inside the moon

And everything reminds me of you

The wind never stops whispering your name

Now that I've met you I will never be the same

Now that I've found you

I will never let you go (never let you go)

Every second every hour of the day if I had my way

I'd wanna spend it close to you

Chorus

I wanna be close to you

I wanna be close to you

I wanna be by your side

If only for just one night

I just wanna be close to you

I wanna be in your sight

I'll do anything you want me to

If you let me be close to you

Verse 2

I promise you that we'll never fight

And we'll make love all night

You won't have a care coz I'll always be there

To hold you and protect you from whatever's out there

The stars in the sky smile as we walk by

Love is in the air never thought I would share

A love that's unreal that's how you make me feel

I sent my heart out to sea but you rescued me

Now that I've found you

I will never let you go (never let you go)

Every second every hour

Of the day if I had my way

I'd wanna spend it close to you

Chorus

I wanna be close to you

I wanna be close to you

I wanna be by your side

If only for just one night

I just wanna be close to you

I wanna be in your sight

I'll do anything you want me to

If you let me be close to you

Bridge

Every night when I'm dreaming

I wanna dream about you

And every morning when I wake up

I wanna wake up right next to you

And if I couldn't go on living

And I had just one night

I'd wanna spend it close to my baby

Coz you make everything alright

(you make everything alright)

Chorus

I wanna be close to you

I wanna be close to you

I wanna be by your side

If only for just one night

I just wanna be close to you

I wanna be in your sight

I'll do anything you want me to

If you let me be close to you

Chorus
I wanna be close to you
I wanna be close to you
I wanna be by your side
If only for just one night
I just wanna be close to you
I wanna be in your sight
I'll do anything you want me to
If you let me be close to you
