

# Debelah Morgan, Fall In Love Again

## Verse 1

When I was in love  
My baby broke my heart  
I had a hard time letting go  
So I promised myself  
There would be no one else  
I'd never love again  
Then you came along  
And you gave me back my smile  
Said you'd never ever leave my side  
When I wake up at night  
You're there holding me tight  
No more tears for me

## Chorus

You make me wanna fall in love again  
I never thought I'd feel this way again  
but you came and made me fall in love again  
I never thought I'd feel this way inside  
I never thought I'd give love a try  
but you came and made me fall in love again

## Verse 2

When you smile  
I feel so warm inside  
Fireworks in your eyes  
I know this is real  
A love that's finally real  
Someone who loves me for me  
When we hold hands  
I got the world in the palm of my hand  
I think you got the Midas touch  
So baby touch me again ooh baby  
touch me again  
I can't seem to get enough

## (Chorus)

## Bridge

Baby when you're touching me  
and making love to me  
Baby when you're kissing me  
You set me free  
I don't know what you did  
But I'm so glad you did it  
You make me wanna fall in love again  
(Chorus)
