(Troy Taylor, James Mitchell, Arnold Ingram, Marvin Willis)

Floating

I'm floating

Ooh you make me dizzy baby

It's not the kind that makes you queasy

But it's the kind that makes love feel like

It's intoxicating

And I don't mind if you force it

'Cause I'm loving everything you do

And I'm floating

(Floating on a cloud of love)

???

Knocks me again and makes me feel like I'm falling

Falling again with love (???)

After what you've done to me

Yeah you're always right on time

With the touching of your hands all over my body

Yeah, up down down, up and down (???)

I'll never hold you back from your talent

You got it in your ???

With the love you give you keep me baby

Floating on a cloud of love

Till the ??? knocks me down and makes me feel

Like ??? sugar

Falling ???

??? with the way ??? you love honey

After what you do to me

With the love you give me baby

I'm floating baby

Don't you know

I'm lost in love

??? sugar

Falling ???

After what you do to me

Floating

Floating

I'm floating

Yeah yeah yeah yeah yeah

Floating on a cloud

Love takes me higher

Feels just like fire

Burning in my soul

What can I do to keep you from going astray

Your love blows me away

With the love you give you keep me baby

Floating on a cloud of love

??? knocks me down, don't you know how you make me feel baby

I'm falling down again ??? love ???

After what you do to me

With the love you give you keep me baby

Knocks me down and makes me like I'm floating

Knocks me down ??? honey
