

Debelah Morgan, Free

(Nathan Watts, Jane Williams, Susaye Greene, Henry Red)

Ooh, I want to be free
I wanna be free
I gotta be me
Whispering in his ear
My magic potion for love
Telling him I'm sincere
And there's nothing too good for us
I wanna be free
Free, free
(And I just got to be me)
I gotta be me baby
Me, oh me, free
Chasing is on his mind
And girls are like such mystery
Happiness all the time
And oh how that man pleases me
I wanna be free
Free, free
I just gotta be me, baby
Me, oh me
Free
Please me baby
Free
Touch me baby
I wanna be free
Hug me baby
Squeeze me baby
I love the way you tease and squeeze me baby
I gotta be me
I want to be free
I wanna be free
I want to be free
I wanna be free
Say you gonna be
Say you wanna be free (???)
I gotta be me
I gotta be me
I just got to be me
Oh baby
Don't you know
You're the man I've been dreaming of
Ooh, ooh baby
Feeling you close to me
Makes all my senses burn
Last not waste our extasy
'Cause I wanna be here for a while
I wanna be free
Free, feel gotta be me baby
Me, oh me
Free
Oh baby
There's nothing too good for us baby
But don't you forget I want to be free
I gotta be me
Gotta be me baby
I wanna be
Say you're gonna be, say you wanna be free
I want to be free
Baby, I'm sincere....
