

Debelah Morgan, Here Waiting

(Vassal Benford)

Been away for so long
I wished our love apart
Now I'm here all alone
With the broken heart
Here in my hands holding on
To what used to be
I dream of you and I together again, oh
I'll be right here waiting for you
The moment you walk through the door
I'll be in your arms
I'll be right here waiting
Whatever you want whatever you need
You're my everything
I don't, I don't want to live without you
I don't want to live without you
There's no me without you
My world's so torn apart
Bring it back the way it used to be
Please don't break my heart
As my heart is dying, there's no denying
That I need you, I close my eyes
I think of you
Please come and wipe my tears away
I'll be right here waiting for you
The moment you walk through the door
I'll be in your arms
I'll be right here waiting
Whatever you want whatever you need
You're my everything
I don't, I don't want to live without you
I don't want to live without you
Every day there's not a night that goes by
I don't sit around and wonder why
You had, you had to go away, oh
You've been away too long baby
Please come back home baby
Now I know I know
I need you in my life forever
I'll be right here waiting for you
The moment you walk through the door
I'll be in your arms
I'll be right here waiting
Whatever you want whatever you need
You're my everything
I don't, I don't want to live without you
I don't want to live without you
