

Debelah Morgan, Our Sweet Love

(Vassal Benford, Debelah Morgan, Herschell Boone)

Hello

Hi

What's up?

Uh, I just miss you that's all

Uh, ok I miss you too

I need some of your sweet love

Oh, you got that, you coming over?

Yeah

Alright, I'll see you when you get here then

I need your sweet love tonight

I want you here by my side

Your body close to mine

We'll make sweet love all night

Oooh I need your lovin'

Oooh boy keep it comin' baby

I see you watching me

I'm feeling heat baby can't you see

Come on and satisfy

My body's calling, come to me

I know that you're into me

So let's stop wastin' time

And boy the need of you is on my mind

Fulfil my every need

It's all you have to do

I know you want me like I want you

I need your sweet love tonight

I want you here by my side

Your body close to mine

We'll make sweet love all night

Oooh I need your lovin'

Oooh boy keep it comin' baby

It don't have to be this way

How much longer are we gonna play

This game when I can see

That we need a way you wanna be

Oh yeah boy

I know that you're into me

So let's stop wastin' time

And boy the need of you is on my mind

Fulfil my every need

It's all you have to do

I know you want me like I want you

I need your sweet love tonight

I want you here by my side

Your body close to mine

We'll make sweet love all night

Oooh I need your lovin'

Oooh boy keep it comin' baby

Rap:

The way you're touching me

The way you're loving me

The way you're missing me

The way you're kissing me

Always keepin' missing me

Only loving me

I know you love me baby, love me

The way keep your love, your sweet lovin'

Uh, baby

Keep it coming

Keep it coming

Keep it coming baby

Keep it coming

Keep it coming

Keep it coming baby
I need your sweet love tonight
Your body close to mine
Oooh I need your lovin'
Oooh boy keep it comin' baby
