

Debelah Morgan, Think Of You

Before I open my eyes
You're already on my mind
And when I think of you
Songs of you keep away the blues

Chorus

All I got to do is think of you
And that keeps me from of feeling blue
I think about you all the time
You really blow my mind
I'm so glad you're mine

All I got to do is think of you
I hope you'll be thinking of me too
I think about you all the time
You really blow my mind
I'm so glad you're mine
I dream of you at night
I can't sleep unless you're on my mind
I never ever gave up the blues
Because of the love I get from you
All I want to do

Chorus

I'm so glad you're mine (6 times)

All I got to do..

Chorus

All I got to do is think of you
And that keeps me from of feeling blue

All I got to do is think of you
And that keeps me from of feeling blue
I think about you all the time
You really blow my mind

Baby all the time

Baby all the time
