

Debelah Morgan, Think Of You

Before I open my eyes
Youre already on my mind
And when I think of you
Songs of you keep away the blues

Chorus

All I got to do is think of you
And that keeps me from of feeling blue
I think about you all the time
You really blow my mind
Im so glad youre mine

All I got to do is think of you
I hope youll be thinking of me too
I think about you all the time
You really blow my mind
Im so glad youre mine
I dream of you at night
I cant sleep unless youre on my mind
I never ever gived up the blues
Because of the love I get from you
All I want to do
