

# Debeli Precjednik, Hits And Misses

"why the fuck are you drunk again?  
Watching football with your friends?  
Is TV more important than me?  
I'm tired of your shit!"

"leave me alone.  
go to your phone,  
call all your friends and talk shit"

without you!  
I don't need you  
Without you!  
I know i'll be just fine  
Without you!  
I'll be happier without you  
Without you!  
I'll be happy all the time

"you don't listen to what i say!  
you don't notice that i exist!  
Well, next time you'd like to do it just find your fist! "

"i know what you do  
when i'm not with you  
with other guys...  
surprise, surprise! "

but, without you  
i don't know if i could get through,  
and i'm sorry that we fight all the time  
because when you leave, it's all so sad  
like suzanne vega songs,  
but it's real  
you're the one i can't do without
