

Debra Killings, Even When

Lord, please give a sign if you hear me
cause i know I was your child way back then
and if I was your child,
can you help me to see right now...oh
that you loved me even I was lost...OOH

When I remember when
you said you loved me
and with every word you spoke...oh
yes you told me..oh ooh oh oh yeah
that I am your child
and you help me to see right now
that you loved me even when I...
yes you loved me even when I
that you loved me even when I
yes you loved me even when I....
i was lost...ooh
I was lost
