

Dechant Anne E, You Need Me

You need a lot of hope
You need a whole whole lot of hope
When you were young you didn't get much of anything
When you were young you could have used me
You need me. You need me. You need me
You you you you you you
You need a lot of love
You need a whole whole lot of love
When you were young you didn't get much of anything
When you were young you could have used me
You need me. You need me. You need me
You you you you you you
Wrap my arms around you
Wrap my arms of love
Wrap my arms around you
Wrap my arms of love
Wrap my arms around you
Wrap my arms of love
Wrap my arms around you
Wrap my arms of love
You need me. You need me. You need me
You you you you you you
