

# Decision D, Devoted

Bring joy to your servant  
For to you I lift up my soul

Among the gods there is none like you  
No deed can compare with Yours  
All the nations You have made  
will come and worship before You

I will glorify Your name  
You have delivered me from  
the depths of the grave  
Abundance to all who call to you  
I will rejoice and lift up my soul

The arrogant are attacking me  
A band of ruthless men seeks my life  
Men without regard for You  
But You are compassionate and gracious

I will glorify Your name  
You have delivered me from  
the depths of the grave  
Abundance to all who call to You  
I will rejoice and lift up my soul
