## Decision D, Social Darkness

Hypocrites!

You shut the kingdom of Heaven It's you who neglect justice You're like unmarked graves, build tombs for the righteous prophets You brood of vipers Full of wickedness Inside you're full of greed This generation is responsible

Turn away from all the offences Deny yourself and take up the cross For He takes no pleasure in death Profess, follow and never turn back

I so am I in the thing I do, yes I do

flames
