

Decoded Feedback, Dark-Star

Coldness, deception

The anger

How does it feel to be left in the dark

Delusions, deceptions

How does it feel

Useless, unloved, left to die

One is left out in the cold

Feels nothing, cries for help

Wrenches your stomach, grips from within

Trials of pain, touches of sin

How does it feel

Useless, unloved, left to die

How does it feel

Coldness, deception, left to die

How does it feel

Delusions, deception, left to die

How does it feel

Useless, unloved, left to die
