

# Decoded Feedback, Democracy

Democracy, policy, state bureaucracy  
Anarchy, poverty, state of mind obligatory

Democracy, people free supposedly  
And sacrifice, religious statement device

Democracy, policy, state bureaucracy  
Anarchy, poverty, state of mind obligatory

Democracy, people free supposedly  
And sacrifice, religious statement device

And sacrifice  
And sacrifice  
And sacrifice  
And sacrifice

You tell me what I want to know  
Sure will get me more alone  
You show me I wanna use  
Call it the democracy

You, can sacrifice  
You, can sacrifice

Ceremony, get your human membership

I believe in myself  
I deserve what I get

Domination paint with blood your salvation
