

Decoded Feedback, Evolution

I've seen the world in its creation
Oceans blue shining in perfection
Time will destroy this illusion
Atomic bombs in waves of mutilation
Its evolution

I've felt the cold technology injection
I've seen my children losing their emotions
I've lost control of my creation
Self-destruct by its evolution
Its evolution

I wish I could be there
To protect my children
From the nightmare
That will steal their dreams
Forever

I wish I could be there
To protect my children
From the nightmare
That will steal their dreams
Forever
