

Decyfer Down, I'll Breathe For You

Ten thousand miles from home,
And still I know that you're right here with me,
They say,
I must deny the truth, if I want to live
But I won't turn from you

(Chorus:)
Until I live my final day,
I'll speak your name
I won't be afraid,
Until I draw my final breath,
I'll breathe for you,
I'll breathe for you!

I know, you have called me here,
But I can feel the fear, rising in me
You give me strength,
To stand when I'm alone,
When I'm far away from all I've ever known,
I'm following you

(Chorus)

I'll breathe for you

(Chorus 2x)

I'll!
I'll!
I'll, I will breathe for you!
