

# Dee D.Jackson, Fireball

Late Tonight  
Love will come a-creeping  
In your room tonight  
Grab you tight  
Climb into your heart  
And twist it round  
Round and round  
Don't close your mind  
And heart, don't run away

A flash in the night  
Oh oh like a fireball  
Turning around  
Oh oh like a fireball, fireball  
A flame in the night  
Oh oh like a fireball  
love, making love  
Oh oh like a fireball,  
Fireball, fireball  
Oh oh like a fireball

Close your door  
Love will take you over  
And you ask for more  
You'll be sure  
Nothing you have felt  
Could be so strong  
Oh so strong  
I Can't stop the feeling  
Now can't turn away

A flash in the night  
Oh oh like a fireball  
Turning around  
Oh oh like a fireball, fireball  
A flame in the night  
Oh oh like a fireball  
love, making love  
Oh oh like a fireball,  
Fireball, fireball

Love in the night  
Just turns you 'round  
You give up your heart  
And mind give up your soul

A flash in the night  
Oh oh like a fireball  
Turning around  
Oh oh like a fireball, fireball  
A flame in the night  
Oh oh like a fireball  
I love making love  
Oh oh like a fireball,  
Fireball, fireball
