

Dee D.Jackson, Galaxy Of Love

Is this true or just a dream
Will I wake and all is gone
Let me lay in this heaven
Let me sleep, let me sleep

In a galaxy of love...

What I feel is all i need
This is where I ought to be
Can I stay here for ever
Let me stay, let me stay

In a galaxy of love...

Keep it going on...
Galaxy of love...

What I found I want to give
I feel real and full of love
Come and take me
Take me hugher
Let me feel, let me feel

In a galaxy of love...

Keep it going on...
Galaxy of love...

Warm and gentle light and free
All my life and all my dreams
I've been searching for this feeling
Let it be, let it be
