

# Dee D.Jackson, Living In A Dream

Living in a dream  
Working on a scheme  
To find the track  
And get you back to me

I walk the street  
No one's around  
The people sleep the shutters down  
I'm all alone  
No one to see, no one to speak  
The shadows talk  
My faith is weak  
I call your name

I'm living in a dream  
I look but i can't see  
What i'd do to see  
I's wish it all away  
I'm living in a dream  
I touch but i don't see  
I'm living in a dream  
My life is so unreal  
I'm up, I'm down  
I turn around in and out  
Round about  
Oh oh oh oh oh I'm living in a dream  
Oh oh oh oh oh I'm living in a dream

I see the house  
I turn the key  
Remember when you lived with me  
I cry a tear  
I see your face  
You float on by  
I look away I turn and cry  
Your love is gone

I'm living in a dream  
I wish i wasn't me  
I wonder why you said good-bye  
Why does it hurt this way  
I'm living in a dream  
I touch but I can't feel  
I'm living in a dream  
My life is so unreal  
I'm up and down  
I turn around in and out  
And round about  
Oh oh oh oh oh I'm living in a dream  
Oh oh oh oh oh I'm living in a dream
