

# Dee D.Jackson, Shotgun

Just like the hands of fate  
I really didn't see you coming  
You caught me off my guard  
Within the forest fire I'm burning  
You got me reaching for the top  
Till I don't know where I can stop  
And straight down to my heart  
The very deepest part  
Where passion burns inside of me

Love is like a shotgun, shotgun, shotgun  
Tearing my defences down to the ground  
Love is like a shotgun, shotgun, shotgun  
Spining me around and around and around  
Love is like a shotgun, shotgun, shotgun  
Tearing my defences down to the ground  
Love is like a shotgun, shotgun, shotgun  
Spining me around and around and around  
I gave all my heart I gave you all my heart

I thought I was alone  
But I can see now I'm mistaken  
You broke on through the ice  
And had me reaching for the heaven  
You wipe away the darkest night  
And blinded me with laser-light  
And breaking down the wall  
I let you have it all  
Boy I'm glad I let you through

Love is like a shotgun, shotgun, shotgun  
Tearing my defences down to the ground  
Love is like a shotgun, shotgun, shotgun  
Spining me around and around and around  
Love is like a shotgun, shotgun, shotgun  
Tearing my defences down to the ground  
Love is like a shotgun, shotgun, shotgun  
Spining me around and around and around  
I gave all my heart I gave you all my heart
