

Dee D.Jackson, Trail Blazer

Now I'm a dreamer
And I really feel that
Love is in the starts
A true believer love will overtake me
No matter where you are
And as I float away
You're in my sight
I can't believe it's true
That you are here
My future knight

Oh oh Tral blazer
Ah ah hell raiser
He flies through all eternity
Oh oh trail blazer
Ah ah hell raiser
A world where I would like to be
And there I'll be a futuristic queen
Oh oh trail blazer
Ah ah hell raiser, hell raiser

A castle fortress built To hold
A love that's born of you and me
A silent always leading
To the realms of another galaxy
And I can see the dawn of all my youth
Spread out before my eyes
There's only love
It's all for you

Oh oh Tral blazer
Ah ah hell raiser
He flies through all eternity
Oh oh trail blazer
Ah ah hell raiser
A world where I would like to be
And there I'll be a futuristic queen
Oh oh trail blazer
Ah ah hell raiser, hell raiser

Oh oh Trail blazer
Ah ah hell raiser
He flies through all eternity
Oh oh trail blazer
Ah ah hell raiser
A world where I would like to be
And there I'll be a futuristic queen
Oh oh trail blazer
Ah ah hell raiser, hell raiser
